

# Powerful yet Compact

The SCP-2273/2273H is a high-resolution 680TV lines PTZ dome that hosts a powerful 27x optical zoom lens. The excellent 0.2/0.01Lux low light performance is further enhanced by Samsung's SSNR III noise reduction technology. Advanced features further improve the dome's capabilities such as; alarm schedules, highlight compensation, privacy masks and two control options RS-485 and the cable saving coaxial control. The SCP-2373H is protected against dust, heavy rain (IP66) and high temperature variations -50°C ~ +55°C.

## SCP-2273/2273H

### High Resolution 27x PTZ Dome Camera

- High resolution of 680TV lines
- Min. illumination 0.2Lux@F1.6 (Color), 0.01Lux (B/W)
- Powerful 27x Zoom (3.5 ~ 94.5mm), Digital 16x
- True Day & Night (ICR), MD, SSNR III
- Coaxial control (Pelco-C), RS-485, 24V AC
- IP66 (SCP-2273H)
